PRELIMINARY PROGRAM

Saturday **8th APRIL** 2017 *morning*

NAIL ORTHOSIS:

Validated techniques and new rehabilitation treatments with resins

- 08,00 Registration, consignment of didactic material and conference kits
- 08,30 Congress content presentation and welcome speeches
CAMPITIELLO Ferdinando (Napoli)
NOVEL Virginia (Barcellona, Spagna)
DI STASIO Gaetano (Napoli)
CARIGNANO Daniela Noemi (Buenos Aires, Argentina)
MALANCHAK Oksana (Leopoli, Ucraina)
MAZZONCINI Maurizio (Lucca)
SERAFIN Antonio (Milano)

Moderators

- CARIGNANO** Daniela Noemi (Buenos Aires, Argentina)
- COLASANTO** Giuseppe (Bari)
- MALANCHAK** Oksana (Leopoli, Ucraina)
- NOVEL** Virginia (Barcellona, Spagna)

- 09,00 Nail rehabilitation by means of orthotic devices: conservative, preventive and rehabilitative treatments. Evidence of efficacy and appropriate care
DI STASIO Gaetano (Napoli)

- 09,15 Etiology of nail diseases that have a biomechanical origin:
 Biomechanics of ideal stance phase
DONATI Lorenzo (Milano)

Kinematics of first ray, first metatarsophalangeal joint and related implications during gait.

Pathomechanics of digital deformities leading to nail disease.

- OFFER** Flavio (Milano)

Bojsen-Møller's Paradigm, Tissue Stress theory and the Rotational Equilibrium Paradigm: three concepts to highlight possible biomechanical causes of nail diseases

- MAZZONCINI** Maurizio (Lucca)

- 10,30 Nail plate strength measurement: a specific test to determine the most efficient and appropriate nail orthotic device
PREDA Andrea (Milano)

10,45 Nail orthosis rehabilitation technique with nickel titanium alloy steel, photopolymer resin and brackets
BALBO Emanuela (Padova)

11,00 Coffee Break

Moderators

BARONE Dario (Napoli)

MACCIANTELLI Massimiliano (Bologna),

PERCIAVALLE Bruno (Napoli)

11,30 Nail orthosis rehabilitation technique using tensors and braces: clinical application and clinical case studies
SERODIO Alfredo (Buenos Aires, Argentina)

12,00 Nail orthosis rehabilitation technique using resins
MALANCHAK Oksana (Leopoli, Ucraina)

12,30 Epoxy resin with micronized silver in nail rehabilitation: clinical application
PIKUSH Ekaterina (Dnepr, Ucraina)

13,00 Round table discussion "Nail Orthoses: a conservative therapy with possible side-effects and contraindications."

Discussants

CARIGNANO Daniela Noemi (Buenos Aires, Argentina)

DI STASIO Gaetano (Napoli)

SERAFIN Antonio (Milano)

Opinion Leaders

BALBO Emanuela (Padova)

BERNABEI Riccardo (Roma)

FREZZA Massimo (Napoli)

MALANCHAK Oksana (Leopoli, Ucraina)

PIKUSH Ekaterina (Dnepr, Ucraina)

MALGRATI Marta (Milano)

SERODIO Alfredo (Buenos Aires, Argentina)

13,30 Lunch Break

Sabato **8th APRIL** 2017 *afternoon*

MINIMAL NAIL SURGEY WITH MATRIX CAUTERIZATION:

An approved international podiatric technique

Moderators

CROCE Arturo (Palermo)

GULLACE Francesco (Roma)

RISSE Daniela (Genova)

SERAFIN Antonio (Milano)

15,00 Podiatry Globalization: The African foot: morphology, anatomical and biomechanical diversities

REHBOCK Dennis (Johannesburg, Sud Africa)

15,30 The Italian Podiatry proposal: Post degree training

AVAGNINA Luca (Imperia)

15,45 Podiatry in Anglo-Saxon countries and in Latin Europe countries: Existing and future prospects in Italy.

Podiatry and Podiatric Medicine in Europe and in the rest of the world: Differences in scope of practice.

The Italian reality: An inadequate scope of practice with regards scientific growth and training. Restraints within the existing scope of practice.

GIRALT DE VECIANA Enriquer (Barcellona, Spagna)

PALLA Daniele (Pisa)

16,30 Nail surgery treatment: evidence of efficacy and appropriateness of this therapy

DI STASIO Gaetano (Napoli)

16,45 Nail wedge resection with phenolization of the matrix: Anglo-Saxon technique

MAZZONCINI Maurizio (Lucca)

17,00 Nail wedge resection with phenolization of the matrix: Spanish technique

GIORGI Gianluca (Frosinone)

17,15 Nail wedge resection with phenolization of the matrix: clinical application and clinical case studies

DE BENEDICTIS Giuseppe (Bari), **MAZZONCINI** Maurizio (Lucca),

TRAVERSONE Luca (Torino)

17,30 Round table discussion: Nail rehabilitation for all patients and nail wedge resection with matrix phenolization for some of them: When to use one and when to use the other

Discussants

DI STASIO Gaetano (Napoli)
MAZZONCINI Maurizio (Lucca)
PALLA Daniele (Pisa)

Opinion Leaders

AVAGNINA Luca (Imperia)
GIRALT DE VECIANA Enrique (Barcellona, Spagna)
NOVEL Virginia (Barcellona, Spagna)
REHBOCK Dennis (Johannesburg, Sud Africa),
SERAFIN Antonio (Milano)

18,30 Closure of the first days presentations

20,00 Social dinner

Sunday **9th APRILE** 2017

Low-Level LASER and Light-emitting DIODE THERAPY:

Against infections and bacterial and mycological resistances

08,30 Registration, consignment of didactic material and ECM test

Moderators

BASCHERINI Fabio (Roma)

MAGGINI Elisabetta (Lugano, Svizzera),

SEPE Fabrizio (Napoli)

09,00 Nail pathologies in chronic vascular and neurological disease patients

BANCHELLINI Elisa (Lucca)

09,15 Phototherapy, photodynamic therapy and low-energy laser: evidence of efficacy and mode of therapeutic application

DI STASIO Gaetano (Napoli)

09,30 Mycological examination using a microscope in private practice: sampling, evaluation and report

D'ALUISIO Flora (Napoli)

09,45 Therapeutic strategies in phototherapy and photodynamic therapy: methodology

CARIGNANO Daniela Noemi (Buenos Aires, Argentina)

10,15 Phototherapy and photodynamic therapy: clinical application

CARIGNANO Daniela Noemi (Buenos Aires, Argentina)

10,45 Laser Nd:Yag – 1064nm used in podiatric therapy of onychomycosis: Therapeutic strategy

PALLA Daniele (Pisa)

11,00 Coffee Break

DIAGNOSTIC-THERAPEUTIC OPTIONS IN DIABETIC FOOT MANAGEMENT

Interaction between the Podiatrists, Nurses and General Practitioners at Hospital and District Level in the prevention and treatment of foot lesions

Moderators

MANCA Efisio (Genova)

MARCELLO Elisa (Caserta)

PAGLIARI Enrica (Fermo)

- 11,30 Surgical implications in diabetic foot infections
CAMPITIELLO Ferdinando (Napoli)
- 12,00 Advanced surgical techniques in salvaging the infected lower limb:
The role of biomedical materials
DELLA CORTE Angela (Caserta)
- 12,15 The PDTA performed in the diabetic foot patient: Experience in the
Campania region.
DI STASIO Gaetano (Napoli)
- 12,30 Scientific literature evidence: Indications on primary and secondary
prevention in the foot affected by chronic pathologies
ZORTEA Rosita (Trieste)
- Nursing staff awareness and specifics with regards the diabetic foot
BELLINGERI Andrea (Pavia)
- The Podiatrists awareness and specifics with regards the diabetic foot
BANCHELLINI Elisa (Lucca)
- 13,30 Congress closure, collection of ECM tests and issuing of attendance
certificates

GENERAL INFORMATION

GENERAL INFORMATION

CONGRESS VENUE

Auditorium Istituto Salesiano Sacro Cuore
Via Raffaele Morghen, 58 - 80129 Naples (Italy)

ORGANIZING SECRETARIAT AND PROVIDER ECM:
